

Daily Violence Counter

(mobile app)

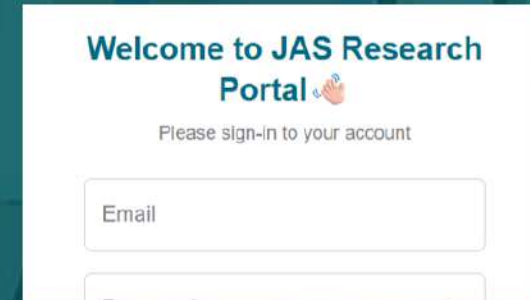

JAS has developed a mobile App (DVC), both for android and iphone, to count the violence committed by an individual during the day, based on his daily activities, like travel, food, other consumptions etc. It gives a relative but quantitative number which can be used in daily

Pratikraman. - Developed in collaboration with by Ashesha Parikh in collaboration with Nikhilbhai Shah and team Members)

Jain Research Portal

(web application Link - <https://research.jainscholars.com/>)

JAS has developed a research papers portal where research papers, thesis synopsis or Prefaces of books and contents, categorised in 20 main categories can be uploaded. This will be useful for scholars carrying our research on Jain philosophy.

granthai : will be very useful for scholars to do research easily and quickly.
